Employers - Things to know

Single Touch Lite will work with any payroll system and will accept both YTD and period employee values. It's quick, simple, affordable and perfect for managing your STP needs, big or small. We are an ATO Whitelisted Sending Service Provider with an absolute focus on providing employers with a viable STP solution, one that has been designed for this specific purpose, not an add on. Single Touch Lite represents exceptional value and will quickly and simply satisfy your STP reporting needs.

Single Touch Lite - For Employers:

- There are no limits to employee volumes, ABN's, there are no prepayments or lock in contract;
- If you have multiple ABN's you can manage them from one Single Touch Lite account;
- Accepts employee information and values from any payroll system;
- Single Touch will automatically create and populate employee files from the CSV you upload. The future CSV's you upload will automatically update employee files and create any new employees that you add to your payroll. This saves you lots of work;
- Single Touch Lite contains a custom CSV builder so you can create a CSV to suit your payroll;
- Multiple CSV's with multiple layouts is acceptable;
- Multiple user access with secure dual factor authentication. Ideal for workload sharing;
- You can manually key information in for small employee numbers;
- Single Touch Lite will accept both Year To Date and Period employee values. Period values can be entered manually and Single Touch Lite will maintain YTD values on behalf of the employer;
- Billing is at the end of each month
- Fees for Single Touch Lite are 25c per pay per ABN. The minimum monthly fee is \$7.50 per ABN. NB All values exclude GST and payment by Direct Debit is assumed.
